

Montana Environmental Information Center **Seeks Legislative Intern**

The Montana Environmental Information Center (MEIC) is a fun, fast-paced and cutting edge, environmental lobbying organization dedicated to protecting and restoring Montana's natural environment. MEIC is looking for one intern to help our lobbyists during the 2015 Montana legislative session. The position will begin January 5, 2015 and lasts through the end of April 2015.

For over 40 years MEIC has worked on a broad range of statewide environmental and "good government" issues including: global warming, coal development, renewable energy, energy efficiency, air pollution, mining, water quality, land use, corporate reform, and constitutional protections like the right to a clean and healthful environment, open meetings laws and freedom of information.

Duties:

- 1) Assist MEIC's lobbying team in passing a slate of progressive energy policies and help defend Montana's constitutional right to a clean and healthful environment.
- 2) Help MEIC interact with the media, legislators, its members, and the public.
- 3) Assist with the development of newsletters and electronic and media communications.

Essential Qualifications:

A commitment to protecting Montana's natural environment, an ability to work well with little supervision, a willingness to take the initiative on tasks and projects, and an ability to work well with people. Excellent written and oral communication skills are a must. Must have a mastery of basic computer skills.

Desired Qualifications:

A familiarity with environmental issues in Montana, and political or community organizing experience.

Deadline:

The position is open until filled.

To apply, send cover letter, resume, and 3 references to:
